

Exterior Fuel Tanks

Installation of exterior fuel tanks will require a building permit. These will be reviewed by the Planning Department for compliance with our zoning ordinance. The Fire Department will review for compliance with the IFC Chapter 57.

Submittal Requirements

- ☐ [Building Permit Application](#)
- ☐ [Use Permit Application](#)
- ☐ Site plan (2 sets)
- ☐ Any additional supporting documents
- ☐ Electrical Permit (if applicable – must be secured by a licensed electrical contractor)

Permit Fees

1. Application fee
2. Miscellaneous plan review fee
3. Minor commercial alteration (under 400 sq. ft.) fee

For any additional questions, please call the Building Department at 586-446-2360.

You can also reach the Fire Department plan reviewer at 586-446-2970.
