Marriage Licenses

You must have the marriage ceremony within 33 days from your marriage license application date. It is recommended that you submit your marriage ceremony request prior to gaining your marriage license to ensure that you can request the date that you want within the 33 day time constraints. If you already have your license, the "solemnize by" date on your license is the last day you can have your ceremony before your license expires.

For information regarding marriage license applications, please visit the [Macomb County Clerk's Office website](#).

Language Assistance

Please note that if either party is unable to speak and/or understand English, a state-qualified interpreter will be required. If the magistrate or judge determines that an interpreter is required and one is not present, the wedding ceremony will need to be adjourned to a later date. Depending on scheduling availability, this may require the issuance of a new marriage certificate. Parties are responsible for coordinating their own interpreters, the court does not provide interpreters.
