

New Address Request Process

If you are a business occupying a plaza or multi-tenant space, the owner of the property must obtain an address specific to your unit. Suite numbers are generally not accepted for this type of space. Only AFTER a new address is issued will a tenant be able to apply for a Certificate of Occupancy.

NOTE: The property owner **MUST** be listed as the applicant. They should incur the cost of the building number assignment fee (\$29 per unit address). This process is in place to ensure public safety.

Required Documents (can be submitted by mail, in person, or via email to bldg@sterling-heights.net)

- Applicant's driver's license
- New GIS Address Application
- Plan of plaza or building that includes the following:
 - Layout of plaza or building (highlight location of individual unit)
 - Dimensions of unit with frontage details

Process After Submittal

- The application will be reviewed by the GIS Coordinator (review takes 1-3 business days)
- Once approved, the office will contact the applicant with payment details
- After the fee is paid, the applicant will receive the new address for the unit

Next Steps for Individual Tenants

After the address has been created, individual tenants will be able to apply for a Certificate of Occupancy for their business. Apply with the Building Department. If you have any questions, call them at 586-446-2360.
