

Did You Know?

The City of Sterling Heights is one of nine founding entities of the MITN website, which was launched in March 2003. The MITN website now has over 90 entities and is still growing.

As of January 2025, the City has posted and awarded over 1,500 solicitations on MITN.

Vendors may register at the MITN website at www.mitn.info.

You may also access surplus auctions from the MITN website by clicking on the "Surplus Auctions" link.

Purchasing Specialist

Office Phone: (586) 446-2740

Fax: (586) 276 4062

OFFICE OF PURCHASING MISSION STATEMENT:

To procure goods and services at the lowest competitive price and to maintain quality standards in those purchases while acting in the City's best interest.

The utilization of alternative methods of purchasing allows the ultimate mix of methods and procedures enabling the objectives to be reached in a cost-effective basis. Examples of these alternative methods include cooperative purchasing, quantity purchases, receipts of proposals, and the acceptance of bids. Having these alternatives available allows the expedient processing of most purchase requisitions.

The issues involving ethical standards of purchasing are constantly being monitored to maintain the highest level of standards.

The establishment of policies and procedures, preparation and/or review of specifications, and the testing and inspection of materials and supplies purchased by and for the City are responsibilities of the Purchasing Manager.

Additional Purchasing Department responsibilities include coordination of maintenance for office, cable TV, and print shop equipment. Determination is also made for equipment replacement, service contracts, and vendor performance. Microfilming services are provided through purchasing for most City departments.

How Can I Do Business with The City of Sterling Heights and Throughout Michigan?

- **Expand Your Market Opportunities**
- **Streamlined Bidding Procedures for Products and Services in Sterling Heights and Throughout**

Office of Purchasing

Tel: (586) 446-2740

The City of Sterling Heights utilizes one central bid and quotation notification system through the MITN Purchasing Cooperative. Created in conjunction with BidNet®, this system is available for registration and is used by Sterling heights and several other Michigan agencies to post bids, quotes, requests for proposals, construction notices, addenda, and awards including tabulations.

This centralized system offers vendors a single point of contact and **broader access to new business opportunities throughout our region.** The system provides the following benefits:

- 24-hour access to business opportunities
- Notification based upon your designated product or service
- Timely mechanism for obtaining documents
- Vendor managed registration system

All vendors are encouraged to register. Sterling Heights' vendor market is greatly expanded through this purchasing cooperative.

- The City of Sterling Heights does not have a local preference policy but encourages open and competitive competition from all vendors.
- If all cities adopted a local preference ordinance, businesses would suffer because they would be limited to business from only the city in which they are located.

We look forward to providing you with increased business opportunities, less paperwork, and a simplified bidding and quoting process for everyone involved.

The City of Sterling Heights is a founding member of an organization called the Michigan Intergovernmental Trade Network (MITN), a group of agencies that joined forces to create a Regional Bid Notification System to notify companies of new bid opportunities.

New members are continually joining MITN. Currently, there are over 89 other entities in addition to Sterling Heights who utilize the MITN system for bid solicitations.

Please visit www.mitn.info and click on "Bid Opportunities" link to register.

As of January 2025, MITN is now offering a limited free membership. This membership allows for bidding on all MITN bids and includes real-time bid alerts. The City encourages all vendors to take advantage of this free opportunity and register. Instructions on how to register are included on the site, and directions on how to submit bids are included in each bid solicitation.

If any difficulties are encountered during registration, vendors may call 1-800-835-4603 to speak to a representative at BidNet®, the technical support group that handles the MITN system.

If you do not have access, you may pick up a hard copy of bid solicitations at the Office of Purchasing. Please call ahead at the numbers provided to schedule a pickup.

Updates of this brochure may be found on the Sterling Heights website at sterlingheights.gov.
